Crowd Control Management System:

AUTO-REMINDER

180 MINS FAST CHARGING

CORROSION FREE

96 HRS LONG LASTING (STANDBY)

WATER RESISTANT (IP67)

SHOCK/DROP PROOF

Step 01:
Issue G3 pager to guest and (optional) enter their name and/or NRIC into the system.

Step 02:
Once the preset time is reached, the system will alert the respective guest "time-out".

Step 03:
Collect back the pager from guest when they return or on their way out.

✔ It is easy to use with 3 simple steps

✔ IP67 waterproof certified / Shockproof resistance

✔ Easy guests and staffs notification

✔ Improve productivity for both staff and order

✔ Support multi outlets and sites with single transmitter

✔ AAA Rechargeable battery with more than 96 standby hours on full charge

✔ All activities are recorded ready for report generation

Model	GTX 01
Frequency	433.92MHz
Output Power	10mW
Baud Rate	1200bps
Modulation	FSK
Maximum Dev	+/- 2.5k
Channel Spacing	12.5k
Harmonic Radiation	less -25dBm
Frequency Stability	2ppm at -10~ @+60 degree celcius
Alert tone Volume	85dBa 10cm
Dimension	145mm 145mm 28.5mm
Power Supply	5V/4A
Battery Life	96hours
Weight	Approx. 400g

Model	GP-03
Frequency	433.92MHz
Baud Rate	1200bps
Modulation	FSK
Channel Spacing	12.5k
Alert tone Volume	85dBa 10cm
Dimension	60mm 96mm 15.5mm
Power Supply	1.2V, Ni-HM AAA
Battery Life	96hours
Weight	Approx. 82g
